

MAKE A DIFFERENCE IN DYSTONIA RESEARCH

WHAT: Join us for *Research CP Dystonia Edition* -- a program hosted by CPRN and CP NOW to set a patient centered research agenda for important questions in dystonia in cerebral palsy (CP).

HOW: Through a series of education webinars, online collaborative idea generation and prioritization from members of the CP community and clinician researchers.

WHO: You –community members impacted by dystonia in CP. You will be partnering with leaders in the research and treatment of dystonia including:

- Bhooma Aravamuthan, MD, DPhil
- Darcy Fehlings, MD
- Michael Kruer, MD

WHEN: Webinar series at 6 PM ET on—

October 16:

An overview by Paul Gross

Definitions by Bhooma Aravamuthan, MD, DPhil

October 30:

Care Pathways by Darcy Fehlings, MD

November 6:

Current Research and Gaps by Michael Kruer, MD

Online voting begins November 7

WHERE: Online. Go to <https://mycp.org> to Join Research CP

MyCP is a web portal that hosts discussions about research priorities in CP and the CPRN Community Registry.
